**FACT**

Today, more than 40% of the world population uses the internet!

YEAR	GLOBAL USERS	PENETRATION
1994	25.5M	0.3%
2000	413.5M	6.7%
2004	910M	14.1%
2008	1.6B	23.1%
2012	2.5B	35.5%
2014	2.9B	40.4%

***Do you have something to sell or an important message to convey?***

Now more than ever, having a presence on the Web is important for small to large businesses, service organizations, and individuals.

- *72% of Internet users follow social media*
- *41% say they get their news online today*
- *83% say they've shopped online before*
